Healthcare Science

PLTW Biomedical Science

Healthcare Science Program

- 165 students slated to join this program in the fall
- This is an increase of 50 junior students from previous years
- 20 additional seniors joining this Healthcare Program this fall as seniors focused on the BSN program with Miami.
- Allied Health, Patient Centered Care, and Medical Term are classes taken Junior year.
- Certified Nurse Aide (or Medical Assisting office) and then a plethora of other certification classes offered the students senior year including EKG and Phlebotomy.

Healthcare Science Program

Two options for fast track "nursing programs"

- Junior year, they may enroll into the Butler Tech LPN or Miami BSN pathway, if eligible.
- Senior year is focused on either LPN or CCP coursework
- Many students stay in original track during their senior year-taking CTE courses such as Medical Assisting Office or CNA

Healthcare Partnerships

License Practical Nursing- BT Adult Education

- Certified Nurse Aide Junior year
- Complete high school credits over summer
- Two quarters of LPN courses during Senior Year
- Halfway through LPN program
- Half the cost

Miami University Regionals BSN Early Access Pathway

- Heavy CCP, including four science courses
- Certified Nurse Aide during the student's senior year
- Obtain Transfer 36 (Cincinnati State)
- Enter as a sophomore in Nursing Program at Miami after HS graduation

LPN Adult Education

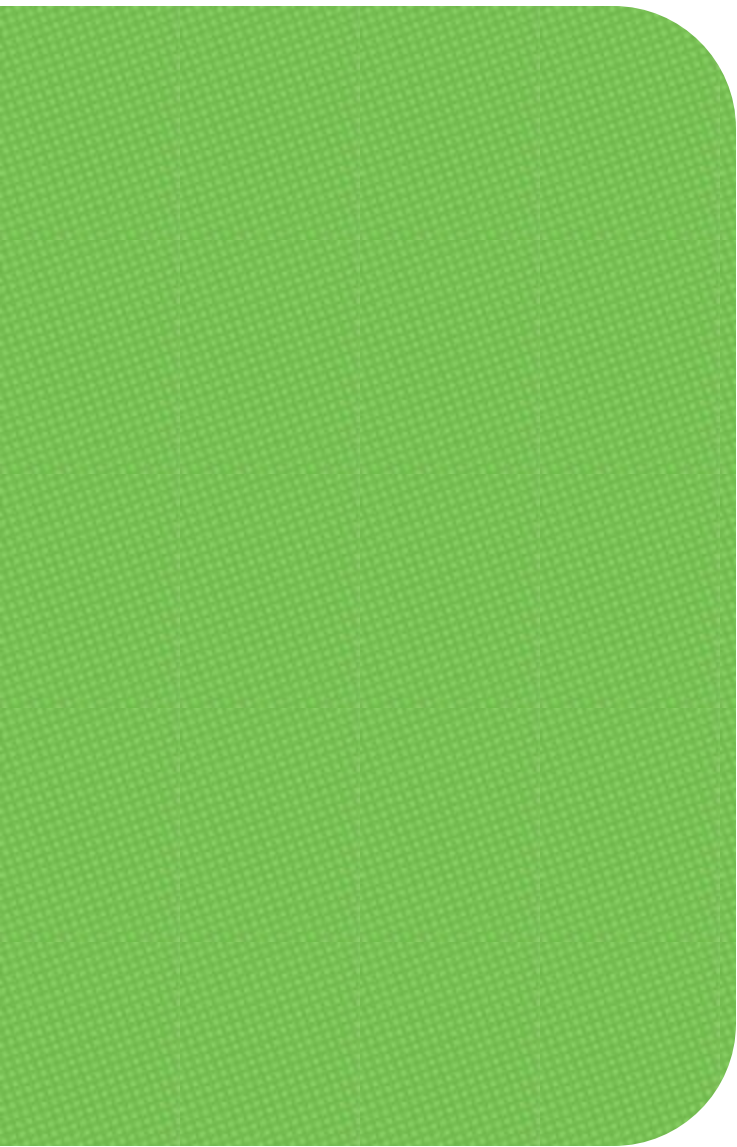

LPN Adult Education

- Cohorts are offered at campus buildings and satellite buildings.
- Employment and mentoring
- Staying connected with Adult Education
- Educating the students in the Healthcare Science Program
- Mandatory parent nights
- Balancing the in-between with student initiative and parent involvement
- Still graduating with peers

Piloting the LPN – What we learned

- First Pilot in 2022 at a satellite campus.
- Marketing and Enrollment details launched to increase pipelines.
- Pilot was a success- opened an additional cohort at a campus.
- Satellite vs Campus- each have their own needs.
- Enrollment has tripled since pilot was launched.
- Current cohorts
 - 3 satellite cohorts
 - 1 campus cohort
- Numbers are up across all cohorts
- Amazing instructor
- Motivated students
- 95 percent success in passing all classes

Looking to the future

- Streamlining CCP Processes at Miami University as our partnership grows at Bioscience and with partnerships on other BT campuses including the Advanced Manufacturing Hub and DRL.
- Continued improvement in communication with students and parents for both programs.
- Growing in numbers but maintaining the quality personal experience for every Butler Tech student.
